

Dear Tiger Warrior student,

Welcome to White Tiger Martial Arts Academy! We look forward to helping you achieve all your goals. Below read a bit about your training system, and belt system. If you ever have any questions do not hesitate to seek out one of your instructors for assistance.

The Tiger Warrior System

The Tiger Warrior System was developed by Master Mason. It is designed to be a curriculum where students learn to defend themselves from standing, from the clinch and on the ground. It will also prepare you for the TSP Martial Arts System that you will graduate into by either completing the Tiger Warrior System, or turning 9...whichever comes first.

Belt System

Every one begins at white belt. There are 9 belts that must be earned before graduating to the TSP Martial Arts System (or turning age 9). The Camo/Red belt is the highest rank belt in the Tiger Warrior System. Please use the following pages to map out your course to your Camo/Red belt! At White Tiger Martial Arts we test 4 times per year for new belts. Our testing months are February, May, August and November. Use these dates to help set your short and long range goals to becoming a black belt!

Beginner - White Belt
